

The response of the Greek coaches to the International Clinic "Athens 2008" (held by the GBCA on the 17th, the 18th and the 19th of July in the Panellinios gym) has already been very impressive. As until now more than 300 hundred people have put in registration and the attendance is expected to be even greater.

There has already been shown a great interest for the lectures of successful coaches such as Oktay Mahmuti, Neven Spahija, Eric Musselman and Mike Dunlap.

On Thursday the registrations at Panellinios gym will start at 09.00 and will last until 16.00.
