

The Greeks Basketball Coaches Association in the frames of his teaching action has created a long tradition in the organisation International and Local Clinics. Enormous contribution in the growth of Basket in Greece they have played the Local Clinics in various cities of Greece that are organised with special concern so that they cover geographically all the country. In them they teach Greeks trainer.

A powerful ring in the chain of multidimensional teaching, that tries with all the forces of the G.B.C.A. to offer to the Greek Trainer, they are also the International Clinics Young Players. From the first moment where we began this Clinics, we felt the certainty that they will develop in institution. Already have been organised in interval of six years ten Clinics, which we believe that they benefit the Greek Trainer in any level.

Leading fact in the teaching action of G.B.C.A. is the annual International Clinic that has created a long tradition. In this they teach occasionally big names of the World from the NBA, Europe and Greece.
